Thinkuknow
Thinkuknow has been developed for young people to advise and teach them how to stay safe and be web wise. It includes information on: gaming, social networking, mobiles, chatting, podcasts, blogs, P2P TV and file-sharing. This resource provides a good help guide for parents.
Visit http://www.thinkuknow.co.uk/

Lots of information for young people on e-safety, including scenarios and games. It also provides free information leaflets for parents, a teacher area and factsheets.

Kidsmart provides e-Safety information and guidance, whilst offering games and competitions for young people

The Child Exploitation and Online Protection Centre website helps you understand some of the new technologies that young people love to use. It updates you on potential risks children may come into contact with and empowers you to get involved in helping them be safer in their online experience.
